

FOR IMMEDIATE RELEASE | 15 September 2011

Commodity investment experts from OnePath, Pacific Alternative Asset Management Company, International Finance Corporation, Russell Investments and Australian Bullion Exchange Limited (ABX) will be sharing their knowledge and experiences to create innovative and profitable commodity investment strategies at Commodity Investment World Australia 2011 (20-21 October 2011, Sydney).

Thomas Coughlin, CEO of Australian Bullion Exchange shares from both a market and portfolio perspective on gold in terms of cross currency gold market dynamics and as a portfolio diversification tool.

Australian Bullion Exchange Limited (ABX) is an Australian domiciled exchange for immediate delivery investment grade precious metal bullion. The exchange is a principal-to-principal long only investment market formed through a member structure of investment practitioners and bullion traders.

ABX strives to be the global leader in providing holistic precious metal bullion investment facilitation to the finance and bullion industries.
